Re: Stephen and April Baker

Dear Pastor and Supporters:

We are saddened to write and inform you that Stephen and April Baker, missionaries to Ireland, have resigned from Macedonia World Baptist Missions, Inc. As you have read from their letter, the Bakers have resigned because of Brother Stephen's father's health and business. Having spoken to Brother Stephen myself, this has not been an easy decision for them to make, and their hearts are broken because they will not be able to go to Ireland at this time. I think that we all can see the Christian character that both Stephen and April have as they are returning the past two-months support and special work funds to you their supporters.

As Brother Stephen mentioned in his letter, if you wish to support either Travis Snode in Ireland or John Anderson in the England, you may do so by sending the support to Macedonia World Baptist Missions, Inc. designated to one or the other. If you would wish to take on the support of the home office, we would also appreciate that so very much.

We trust that you will continue to pray for the Bakers as they care for Stephen's father and as they labor here in the United States.

Sincerely in Christ,

*M. Dean Hamby*
